

From our Fields to Your Table
Local Foods to Health Care Facilities Project

February 14, 2012
2:00pm - 3:00pm
Online Webinar

Presented by Jane Dummer, RD

Jane Dummer, RD will discuss the *From our Fields to your Table – Local Foods to Health Care Facilities* project which is helping to increase the amount of local Ontario food products purchased by the broader public sector bringing the benefits of Ontario grown food to patients and residents living in local health care facilities in Norfolk County.

Learning Objectives:

- Develop an understanding of the approach and possibilities to procure fresh, local food within the Health Care environment.
- Identify how to overcome perceived barriers to promote and implement local food in your LTC facility.
- Be able to discuss the benefits to the local food system.

The Local Foods to Health Care Facilities project is supported by the Ontario government funded by the Broader Public Sector Investment Fund (BPSIF – Greenbelt).
